The **Logo**

BlankOn
FOUNDATION

Binary Representation: 'Blank' as 0 and 'On' as 1, directly referencing the fundamental language of computing.

It signifies a user's journey from a novice, 'blank' state to an informed, 'on' state of digital competence.

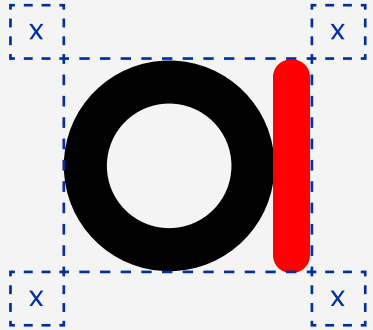

Blank represents the initial state of potential, the uninitialized memory, the moment before understanding

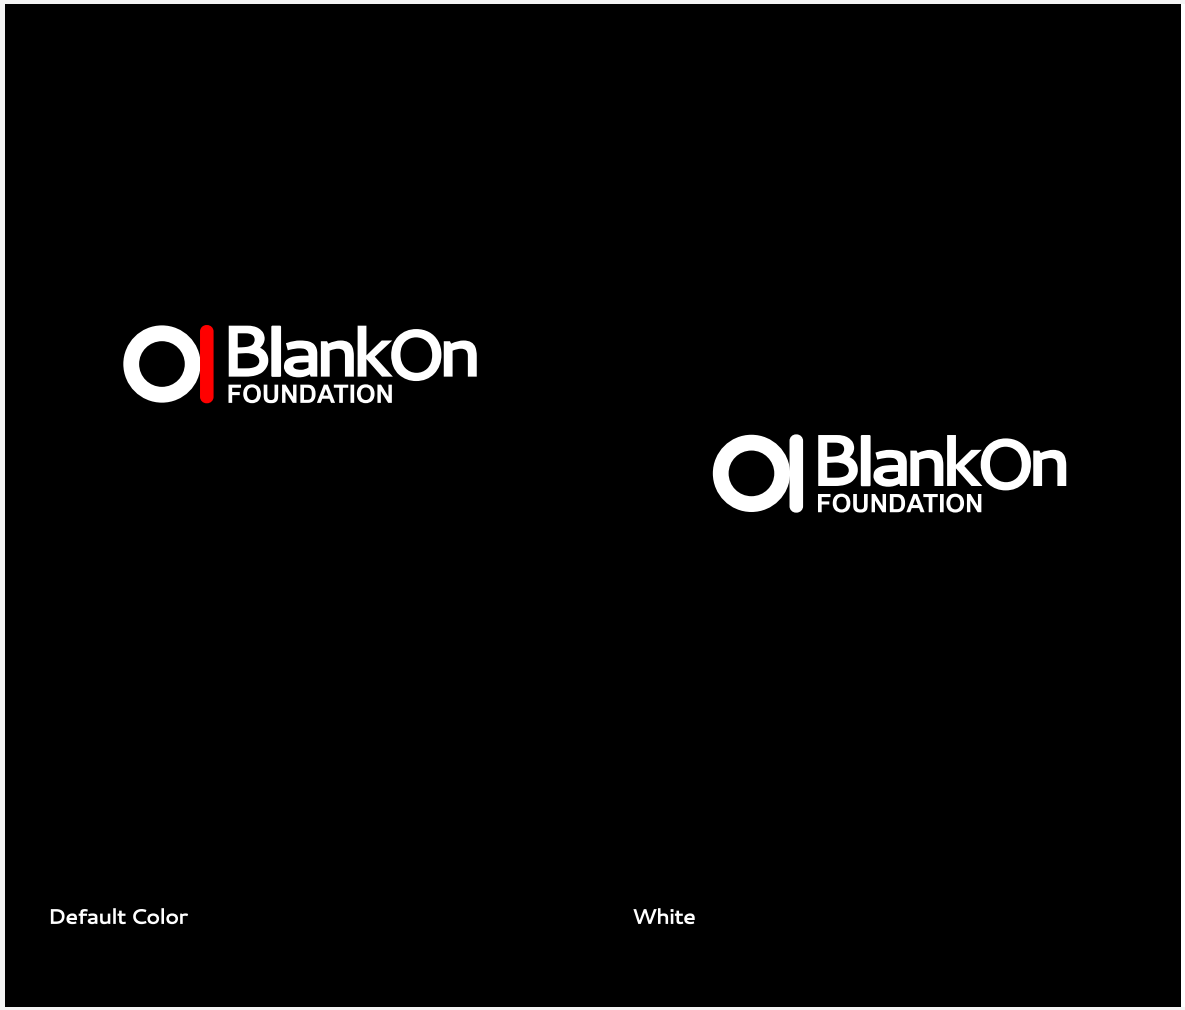

On signifies the activated state, the awareness, the empowerment, the successful execution

Variations

Default Color

White

Black

The **Colors**

BLACK TECH

Represents sophistication, authority, depth, and stability. It is the foundation, the underlying structure, the 'blank' canvas upon which innovation is built.

HEX
#000000

RGB
0 0 0

RED DOT

Signifies energy, action, power, and passion. It is the 'on' state, the alert, the dynamic force that drives progress and empowerment.

HEX
#FF0000

RGB
255 0 0

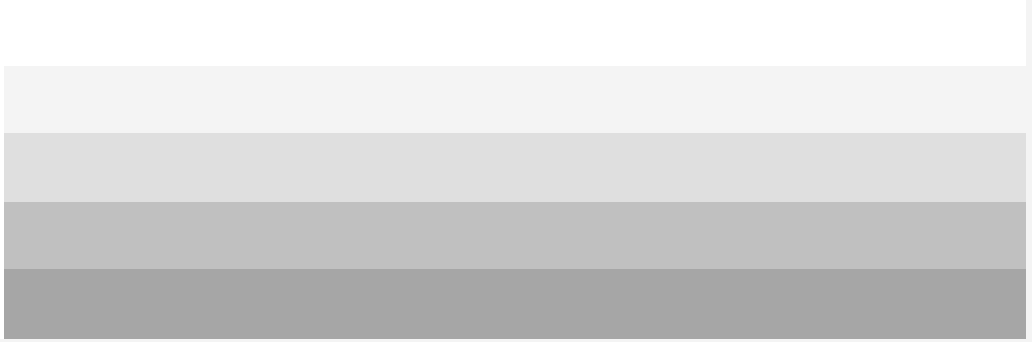

BLANK WHITE

Represents the balance between technology and humanity, while serving as a symbol of innovation that creates meaningful, tangible impact.

HEX
#FFFFFF

RGB
255 255 255

The **Colors**

BLUE ON

Reflects BlankOn's commitment to providing secure, reliable, and sustainable technology solutions.

HEX
#2765FF

RGB
39 101 255

BLUE MOON

Represents the depth, trust, and authority behind technology built to lead with confidence.

HEX
#131F46

RGB
19 31 70

Misuse

Always ensure the logo has sufficient clear space. When uncertain, err on the side of generosity; a few extra pixels can help maintain legibility and visual impact.

Do not crop the logo or any of its components.

Do not independently scale logo components

Do not distort or rotate the logo or any of its components.

Do not use another color except Black Tech and Red Tech

Misuse

Do not create a new dimension

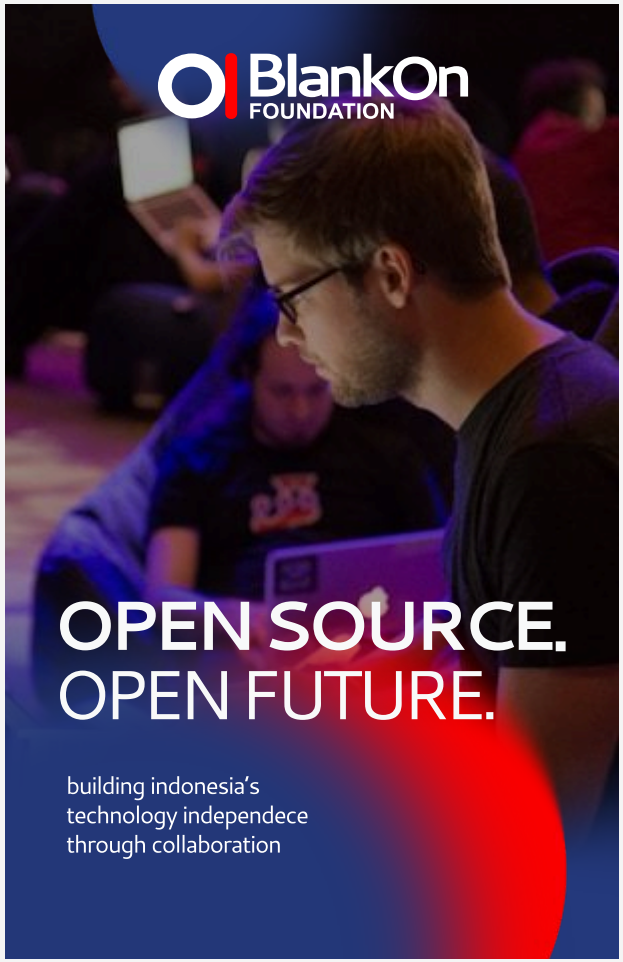

Do not replace the logo with image or anything

Do not use the logo on similarly-colored backgrounds.
